

# NCR Silver™ Point of Sale

Life is about to get easier

## More than payments

NCR Silver is more than just payments. It's a full point-of-sale solution that helps you run your small business. NCR Silver comes with real-time Back Office access from anywhere, automated email and social media marketing, and fraud alerts so that you can stay on top of your business, even when you can't be there. Throw in 7-day customer support and next-day hardware replacement, and life's about to get a lot easier.

### Track Sales

- + Real-time reporting with Back Office access from anywhere
- + Track on-hand inventory
- + Pay in/pay out and deposit functionality
- + Alerts for unusual discount, sales and price activity
- + Track voids, price overrides, discounts and sales by device/employee
- + Use multiple devices and combine sales
- + Assign different tax rates to different items

### Market to Customers

- + Automated marketing for Welcome and Miss You emails
- + Pre-designed template layouts
- + Upload your logo or other images
- + Track customer sales history
- + Integrated marketing and sales analytics
- + Provide printed or digital receipts

### Sell Anywhere

- + Sell anywhere on an iPad, iPhone or iPod touch
- + Ability to change the tax rate based on your location
- + Accept cash, checks and credit
- + Hold and recall transactions
- + Capture customer signatures
- + Automatically print receipts/open cash drawer

### Make Life Easier

- + 7-day customer support and next-day hardware replacement from NCR's Customer Care team
- + Process non-credit transactions in offline mode
- + Accept and track tips by employee
- + View billing information and history
- + Train new employees without creating a sale
